If the case is unsatisfactory, please provide an explanation on the Rx and then send the original restoration, impression and “all” other related materials back to us.

In most situations we will repair the case free of charge. However, we will charge for remakes in the following circumstances:

- If the original dental restoration is not returned to us.
- If the case is re-prepped and a new impression is sent.
- If the shade is different from the original order. If the restoration materials are different from the original order.
- If we asked for a new impression and you asked us to proceed without one.
- If we advised you that we could not guarantee the quality of this order and you asked us to proceed anyway.
- If we requested a try-in and you asked us to proceed without one.
- If we received no study model for anterior cases and/or no specific directions.

We realize that there may be extenuating circumstances whereby the original restoration cannot be included in the remake request or if you agree to a chargeable remake and are sending a new impression or additional materials for a case already in the lab. Please make sure to indicate if the original restoration is **NOT** included.
